**Don't Panic** the yoga is not compulsory, but having a good time certainly is! So why not join us and experience one of the finest blues artists around performing 3 outdoor concerts, whilst you enjoy a relaxing holiday in a peaceful rural village on Bulgaria's Black Sea Coast. Take a stroll on the beach, try horse-riding, mountain biking relax by the pool or pamper yourself with a luxurious massage – you choose how much or how little you do. Over the years most of our visitors have just settled into the totally relaxed atmosphere of the place. There are of course daily yoga classes provided for the more energetic guests.
